

Vegas Movie Studio Platinum Edition

Video Editing and DVD Creation Software

Vegas Movie Studio Platinum Edition software provides the power, features, and advanced tools you need to edit video in nearly any format, including HDV and Sony AVCHD. It includes hundreds of built-in video and audio effects as well as integrated tools for professional-level compositing, color correction, and 5.1 surround mixing. With this software and your creative spark, there are no limits to what you can produce. It's your vision, your way.

Professional-Level Video Editing

- Produce high-quality movies, corporate videos, wedding DVDs, and more
- Edit video in nearly any format including DV, HDV, and Sony AVCHD
- Interactive *Show Me How* tutorials actually show you what to do

Create Stunning HD Movies

- Everything you need to produce movies in spectacular high-definition
- High-performance engine—see your changes happen in real time
- Export your movie in a variety of HD formats including WMV, AVI, and MPEG

Advanced Video and Audio Editing Tools

- Enhance washed-out footage or make specific colors stand out, and balance differences in video
- Balance differences in video due to camera setup or lighting
- 5.1-channel surround sound mixing and encoding.

Surround Sound Mixing and Encoding

- Import multichannel (5.1) source files from camcorders including Sony® DVD and AVCHD Handycam® models
- Use the surround sound mixing and panning tools to create surround DVD soundtracks
- Encode AC-3 stereo or 5.1 mixes with the included Dolby® Digital AC-3 encoding software

Integrated DVD Creation

- Includes DVD Architect™ Studio software for DVD authoring
- Create custom menus, buttons, backgrounds, and navigation
- Includes 44 high-quality DVD themes
