Vegas™ Pro Master Suite Systems
Professional Content Creation Workstations

Unleash the power of the Vegas™ Pro Master Suite collection by choosing a certified, pre-configured Supermicro® 64-bit workstation, available from the Sony Vegas Pro Elite Dealer network. From HD and 4K editing to Blu-ray Disc™ authoring and encoding, these Supermicro workstations provide the performance, flexibility, and I/O options to meet your most demanding digital content creation requirements.

KEY FEATURES

• Real-time native editing of a wide variety of SD, HD, and 2K/4K formats, with the ability to mix resolutions and frame rates on the same timeline.

• Flexible, intuitive User Interface featuring dockable windows and a consistent look and feel across all of the applications.

• Compatibility with industry-standard I/O devices, including products from AJA Video Systems and Blackmagic Design.

• Sample-based audio editing, 5.1 mixing, and multichannel mastering at 64-bit float/192 kHz resolutions.

• DVD and Blu-ray Disc™ authoring and encoding, including full Dolby® Professional AC-3 Encoding license.

• **Unprecedented Double Platinum Support Plan:** Two years of telephone support with a two-year upgrade program from the date of original purchase.

For a complete list of Vegas Pro 9 Master Suite features and technical specifications, go to www.sonycreativesoftware.com
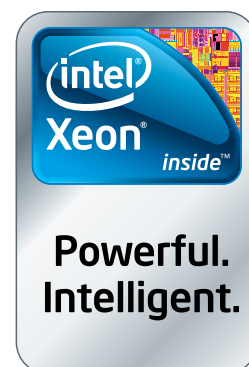

Whether you're looking for a stand-alone craft editor, a digital audio workstation, or a networked editing solution tied to a digital asset management system, the Supermicro workstation line-up provides the performance edge to power through the most challenging editing and encoding tasks. Featuring Intel® Core™ i7 and Intel® Xeon® processors, coupled with Supermicro-designed motherboards and the Microsoft® Windows® 7 64-bit operating system, these turnkey workstations offer uncompromising performance in a range of pre-configured, optimized packages.

Each Supermicro workstation is designed to support the real-time editing of a wide variety of SD, HD, and 2K/4K formats, including DV, DVCAM™, HDV™, AVCHD, NXCAM™, XDCAM® Optical, XDCAM EX™, and RED ONE™, with support for Panasonic P2 MXF files via an optional third-party plug-in.* Powered by the Vegas Pro Master Suite collection, the Supermicro systems are particularly well-suited for today's file-based workflows, offering the ability to work with the native file formats directly from the camera without requiring any time-consuming re-wrapping or transcoding of the media.

* Raylight Ultra, available at www.dvfilm.com

Protecting Your Investment

All Supermicro systems featuring the Vegas Pro Master Suite collection come with the unprecedented **Double Platinum** support program from Sony. For a period of two years from the original date of purchase, Sony will provide end-user telephone support, along with all Sony application upgrades through the first two years of ownership—an industry first. Coupled with a two year parts and labor hardware warranty directly from Supermicro, these integrated solutions provide peace-of-mind to go along with all that impressive power and performance.

The Sony Vegas Pro Master Suite is a software collection that includes the latest versions of **Vegas Pro, Sound Forge™ Pro, ACID™ Pro, DVD Architect™ Pro,** and the **Vegas Pro Production Assistant** applications. In addition to this powerful software, the Master Suite includes the **Seminar Series Training DVDs** (Vegas Pro, Sound Forge Pro, and ACID Pro), plus bonus audio content. We've also included the *FASST Start Vegas* DVD from *VASST* to help new Vegas Pro users get up and running quickly. Top it off with our **Double Platinum Support Plan**, which sets a new industry benchmark by providing **two** years of telephone support along with **two** years of FREE upgrades (from the original date of purchase) for the applications included in the Vegas Pro Master Suite.

The Sony Vegas Pro Master Suite is available as a bundled product only, pre-installed on the Supermicro® Extreme, Pro Plus, or Professional workstations—and sold exclusively by participating Elite Dealers. This powerful collection of software, training materials and content is unavailable as a seperate purchase.
